HARMAN Media Suite

Next Generation Video Collaboration Platform

Applications

Education

- Immersive Classroom Experience
- Flipped Classroom

Healthcare

- Continuing Medical Education
- Best practices sharing

Government

- Disaster Management
- Judicial Evidence Recording

Enterprise Collaboration

- Enterprise Video Vault Platform
- Multi site Large Scale Video Distribution

- **Benefits**

Boost end user efficiency and productivity
Simple self service workflows and browser based content creation.

- **Increase ROI of your existing Video conferencing investments**

Record and stream from your favorite video conference platform on-premise or cloud based. We work with them all - Cisco / Polycom / Blubeans / GoTo / Skype and many more coming up

- **Reach viewers in any workspace, on any device**

With the simplicity and convenience of a browser, delivering live or video on-demand is easy and universal

- **Harness information and knowledge sharing**

Dynamic workflows to control how users share media to private or public channels

- **Choice, flexibility and scale**

Natively support 50,000 web viewers, or leverage 3rd party content delivery solutions like Akamai, Verizon Edgecast and Wowza Media Systems.

- **Mobile Application**

Ease the access to videos by using the native Android based Media Suite mobile application

- **Rich API set**

Leverage the power of video by integrating the Media Suite into your favorite LMS, platforms or other applications

About HARMAN

HARMAN (harman.com) designs and engineers connected products and solutions for automakers, consumers, and enterprises worldwide, including connected car systems, audio and visual products, enterprise automation solutions; and services supporting the Internet of Things. With leading brands including AKG®, Harman Kardon®, Infinity®, JBL®, Lexicon®, Mark Levinson® and Revel®, HARMAN is admired by audiophiles, musicians and the entertainment venues where they perform around the world. More than 50 million automobiles on the road today are equipped with HARMAN audio and connected car systems. Our software services power billions of mobile devices and systems that are connected, integrated and secure across all platforms, from work and home to car and mobile. HARMAN has a workforce of approximately 30,000 people across the Americas, Europe, and Asia. In 2017, HARMAN became a wholly-owned subsidiary of Samsung Electronics Co., Ltd.
