Reach viewers in any workspace, on any device

Deliver live or on-demand video in any workspace or device through browsers or mobile application

- **Mobile Application** -

Ease the access to videos by using Android® & iOS® based Media Suite mobile application

- **Cloud Deployment** -

Available on Azure® cloud, which allows reduction in capex costs and in deploying video content portal on the cloud. Also available on AWS*, Tencent, Alibaba cloud

**Roadmap Dec 2020*

Increase ROI of your existing videoconferencing investments

Recording, sharing and streaming from your entire video network drives adoption and new use cases

- **Integrations** - Wide choice of MCUs that the Media Suite integrates with – whether on-premise (Polycom / Cisco) or cloud-based (Bluejeans / GoTo / WebEx/Zoom). We also integrate with Microsoft Teams® via Microsoft certified partners for cloud video interoperability

- **Multivariant encoder support** - Allows webcasting from streaming protocols (RTMP/RTSP) based hardware and software, with support for IP camera integration*

Choice, flexibility and scale

Natively support 50,000 web viewers, or leverage 3rd party content delivery solutions like Akamai, Verizon Edgecast and Wowza Media Systems

- **LTI® Certification** -

Leverage the power of videos using your favorite LMS through the LTI® certified Media Suite

- **Facial Recognition*** -

Allow searching for registered face profiles in the video archives on the Media Suite portal and enable live tracking of face profiles in an ongoing live video feed

Partner with an industry expert

HARMAN International is a wholly-owned subsidiary of Samsung Electronics Co., Ltd. focused on connected technologies for automotive, consumer and enterprise markets.

HARMAN (harman.com) designs and engineers connected products and solutions for automakers, consumers, and enterprises worldwide, including connected car systems, audio and visual products, enterprise automation solutions; and services supporting the Internet of Things. With leading brands including AKG®, Harman Kardon®, Infinity®, JBL®, Lexicon®, Mark Levinson® and Revel®, HARMAN is admired by audiophiles, musicians and the entertainment venues where they perform around the world. More than 50 million automobiles on the road today are equipped with HARMAN audio and connected car systems. Our software services power billions of mobile devices and systems that are connected, integrated and secure across all platforms, from work and home to car and mobile. HARMAN has a workforce of approximately 30,000 people across the Americas, Europe, and Asia. In 2017, HARMAN became a wholly-owned subsidiary of Samsung Electronics Co., Ltd.
